CALL FOR PAPER EPC 2010

REGIONAL ENGINEERING POSTGRADUATE CONFERENCE

INTRODUCTION

The Regional Engineering Postgraduate Conference 2010 (EPC 2010) is inspired to provide a unique platform for postgraduates from various universities in Malaysia and neighbouring countries to meet, exchange ideas and share their experience in their latest research. This two day conference is organised by the Faculty of Engineering & Built Environment of the Universiti Kebangsaan Malaysia. The conference theme **Innovation Through Engineering Research** will highlight on research topics that span architectural, chemical, civil, electrical & electronics, and mechanical engineering.

OBJECTIVES

- ◆ To enable postgraduates to gain experience in presenting their work in a formal conference.
- ◆ To create a scientific platform for academicians and researchers in Malaysia and neighbouring countries.
- ◆ To establish a network among the researchers within the region.

SCOPES

The conference seeks papers in all aspects of engineering including (but not limited to) the following topics:

Architectural Engineering

Chemical Engineering

- Separation Technology
- Drying & Powder Technology
- Fuel Cell Technology
- Biochemical Engineering
- Process Engineering

Civil Engineering

- Transportation
- Structures
- Geotechnic
- Environment

Electrical & Electronics

- Power System and Energy
- Communication
- Control Systems
- Microelectronics
- Computer

Mechanical & Manufacturing

- Computational Mechanics
- Energy
- Materials
- Manufacturing Process, Systems & Management
- Thermofluids

PAPER SUBMISSION

We invite qualified and current research papers to be submitted through the conference website. All submitted full papers (in Microsoft Doc format) are limited to a maximum of 6 pages. Template of paper for EPC2010 can be downloaded at the conference website. All papers shall be reviewed by a panel of technical editors. Accepted papers will be published in the conference proceeding only if at least one author is officially registered.
